

Free installation of solar photovoltaic panels

Overview

The federal government does not provide free solar panels, but many states and utilities offer incentives that can reduce the cost of going solar. You can install solar panels on your roof with no upfront cost by signing a lease or PPA or taking out a \$0-down loan. Join over 8,000 people who received a free, no obligation quote in the last 30 days. You don't own the system, but you do get to use the electricity it generates, typically at rates lower than what. That means if you install a solar energy system in your home at any time in 2023, you can write off up to 30% of the solar installation cost from the amount of taxes you owe to the IRS when filing in 2024.
