Unleash peak performance and unparalleled security with our Air-cooled Energy Storage System. This modular powerhouse seamlessly integrates AI-powered intelligence for optimized operation and ...

Housed in a weather-resistant IP55 cabinet, it combines a 100kWh LiFePO4 battery pack with 50kW charge/discharge capability, supporting real-time monitoring and remote control via Ethernet, RS485, ...

This advanced system integrates a 100KW Power Conversion System (PCS) with a robust 215KWH Lithium Iron Phosphate (LiFePo4) battery, ensuring reliable and efficient energy storage and ...

The HJ-ESS-215A is a high-performance 100KW/215KWh outdoor cabinet energy storage system featuring fast power response, all-in-one design, intelligent monitoring, and six-layer security design. ...

This integrated solar battery storage cabinet is engineered for robust performance, with system configurations readily scalable to meet demands such as a 100kwh battery storage requirement.

The HighJoule 100KWh Outdoor Cabinet Series supports RS485, CAN, Ethernet, and Modbus protocols for real-time data transmission. The integrated EMS platform allows for remote monitoring and ...

The MEG 100kW x 215kWh Cabinet is engineered as a modular energy storage building block, ideal for commercial facilities, microgrids, and community-scale projects.

Discover the advanced 100KW-215kWh Outdoor Cabinet Energy Storage System with air-cooled technology. Ideal for peak shaving, backup power, and enhancing renewable energy use in industrial ...

Perfect for homes, banks, hospitals, schools, villages, factories, and supermarkets, this rugged outdoor ESS delivers reliable power with built-in cooling and safety systems.

100kW Outdoor Energy Storage Unit for Field Operations

Engineered for high-capacity commercial and industrial applications, this all-in-one outdoor solution integrates lithium iron phosphate batteries, modular PCS, intelligent EMS/BMS, and ...
