Product Description DC Mini Charger 30KW Compact, lightweight, easy to install, offers high efficiency and anti-interference. Perfect for logistics, commuting, leasing, and more.

We offer a wide range of modules compatible with global charging standards (CCS, GBT, CHAdeMO, etc.), featuring modular designs, intelligent firmware, and seamless integration with smart back-end ...

It can be completely interchangeable with similar products of TYCO, AMP, FCI and AVIC Optronics, and is widely used in communications, power, UPS, charging piles, photovoltaics and other fields.

Users can connect multiple charger modules in a parallel manner to one power supply cabinet, and we guarantee that our connect multiple EV chargers are highly reliable, applicable, efficient, and require ...

Intelligent Automation Technology Service Expert Distributor of brand sales and technical services

It enables the cost-effective operation of your DC charging infrastructure for the fast charging of electric vehicles. The modular and scalable system is optimized for DC charging with high voltages and ...

Huijue Group offers industrial and commercial energy storage, PV-BESS -EV Charging, Off-grid / On-grid Microgrid, telecom site solutions, and home solar energy storage, ensuring ...

The power cabinet adopts a modular design, with each module capable of delivering up to 30kW power, allowing flexible configuration of power capacity according to different operational phases.

Fully compliant with mandatory protection standards for terminal circuits in charging applications, the XL-21 ensures maximum safety and reliability. Tailored for optimal performance, it's the ideal choice for ...

GOLDGUN is an industry leading electrical and power electronic product manufacturer and supplier, which

30kW Communication Power Supply Cabinet for Charging Piles Distributor

provide the whole set products and complete solution for electric vehicle charging infrastructure.
