All-in-One Outdoor Energy Storage Cabinet integrates a 125kW bi-directional PCS inverter and 215kWh LiFePO4 battery into a rugged, space-saving solution for commercial/industrial applications.

All-in-one design and highly integrated. Modular design with different optional parts. Parallel installation side-by-side or back-to-back. S30 Outdoor Cabinet BESS is for Commercial and Industrial ...

Flexible Configuration: With built-in photovoltaic, energy storage, charging, and other power modules, it offers flexible combinations, easy expansion, and satisfies various application scenarios;

This outdoor energy storage cabinet integrates energy storage batteries, modular PCS, energy management monitoring system, power distribution system, environmental control system, and fire ...

Product Features: Standardized structure design: menu-type function configuration, photovoltaic charging module, a parallel off-grid switching module, power frequency transformer, and other com ...

Designed for harsh environments and seamless integration, this IP54-rated solution features a 105KW bi-directional PCS, optional air- or liquid-cooled thermal management, and parallel operation ...

Benefit from advanced features such as MPPT range of 315-600V, intelligent air cooling, and IP54 protection level. Stay connected and monitor your system remotely with optional WiFi/GPRS ...

This outdoor energy storage cabinet integrates energy storage batteries, ...

Outdoor cabinet energy storage system is a compact and flexible ESS designed on the characteristics of small C& I loads. The system integrates core parts such as the battery units, PCS, fire extinguishing ...

Recently, photovoltaic (PV) with energy storage systems (ESS) have been widely adopted in buildings to

# ASEAN Photovoltaic IP54 Outdoor Cabinet Bidirectional Charging

overcome growing power demands and earn financial benefits.

1000V level DC to DC solar charge controller, used together with ATESS PCS and Bypass for large scale solar projects. Bypass cabinet is designed to be used together with bidirectional battery ...
