-----  
Which solar inverter is best?

CNET experts have compared the most popular solar inverters' specs, warranties, prices and more. The SolarEdge Home Wave Inverter is our top pick in 2025. It was the most efficient inverter we looked at, letting you use a larger percentage of the energy your solar panels generate. This translates to less and more power to use around the house.

Which solar inverter should I buy in 2025?

Every solar system needs some kind of inverter to convert sunlight into usable electricity. CNET experts have compared the most popular solar inverters' specs, warranties, prices and more. The SolarEdge Home Wave Inverter is our top pick in 2025.

Who makes the best solar string inverter?

We review the best grid-connect solar inverters from the world's leading manufacturers Fronius, SMA, SolarEdge, Fimer, Sungrow, Huawei, Goodwe, Solis and many more to decide who offers the highest quality and most reliable solar string inverters for residential and commercial solar.

What are the best residential microinverters?

There aren't as many microinverters to choose from in comparison to string inverters. But Enphase's IQ8 Series are the best residential microinverters we found. Each one is fairly efficient and comes with a 25-year warranty. Enphase falls short in the customer support and sizing categories. Pricing is similar to other microinverters we've seen.

**Best Solar Inverters of 2025** If you want to go solar, you need a good inverter. Here are the best solar inverters to turn power captured by your panels into energy.
