The MEC Fuel Storage Tanks Refurbishment project, supported by the Marshalls Energy Company (MEC) and the Asian Development Bank (ADB), has reached an exciting milestone: Tank #3 is now back in operation!

This is the United States (U.S.) Department of Energy (Department or DOE) Report to Congress regarding the impacts of climate change to the Runit Dome in the Republic of the Marshall Islands (RMI) as outlined in ...

In a groundbreaking 2023 pilot, Vodafone Germany demonstrated how base station storage systems can stabilize regional grids through vehicle-to-grid (V2G) integration.

On December 18, 2022, Sino Soar Hybrid (Beijing) Technology Co., Ltd. (Abbr. SINOSOAR) won the bid for the general contract project of PV - Diesel - Storage micro grid in 26 islands of ...

The government of Western Australia (WA) announced last week (15 March) that the construction phase has begun at Collie, a battery energy storage system (BESS) project with 500MW output to the grid and ...

The Republic of the Marshall Islands has resolved to improve its energy security and contribute to combatting climate change based on a balanced portfolio of indigenous renewable energy ...

This long-term Electricity Roadmap for the Marshall Islands presents costed, technically sound, renewable energy pathways for our electricity sector, to help achieve our ambitious climate change targets for 2025 and ...

In summary, energy storage solutions are critical for the reliability and efficiency of communication base stations. By integrating advanced storage technologies and renewable energy sources, ...

Construction status of energy storage systems for communication base stations in the Marshall Islands

In the optimal configuration of energy storage in 5G base stations, long-term planning and short-term operation of the energy storage are interconnected. Therefore, a two-layer optimization model was established to ...

After 18 months of delay due to Covid border lockdowns, a World Bank-funded revamp of power systems at the Marshalls Energy Company is moving into its next phase.
