How much does it cost to rent a container?

The rental process starts with choosing the appropriate container size based on your needs and determining the rental duration. Containers can be rented for short-term projects or on a long-term basis, with monthly rental fees usually around \$75 to \$200 for standard containers and higher for specialized units.

How much does it cost to rent a cube container?

The rental costs for high cube containers are slightly higher than those for standard containers, typically ranging from \$100 to \$175 per month for a 20-foot unit and \$150 to \$250 per month for a 40-foot unit. Tank containers are another specialized shipping container used to ship liquids in bulk, such as fuels, chemicals, and foodstuffs.

How much does a refrigerated container cost?

Due to their technologically advanced refrigeration systems, they usually cost more than dry containers. The monthly lease cost for a 20-foot refrigerated container may range from \$200 to \$400, while a 40-foot unit could cost anywhere from \$300 to \$600 per month.

Where can I rent a container?

Depending on your location, specialized containers may require contacting out-of-state companies. You can rent directly from shipping yards or companies outside major ports to ship goods from a port. These providers often have access to various containers, including older units available at lower rates.
