The At-home Consultation helps determine the full cost to install your new EV charger. The \$150 fee is subtracted from your final installation price if you choose to accept the quote.

A recent price cut has dramatically reduced the price, so it's now \$779.23 plus the installation fee, which looks good value for a unit of this quality.

Shop the Enphase Smart Level 2 EV Charger with Wi-Fi & 25ft Cable. Perfect for home electric car charging.
