Are solar panels free?

The federal government does not have any programs that offer totally free solar panels. However, several state and federal government programs can help you access solar energy equipment with lower upfront costs. These tax credits and incentives can reduce solar installation costs, making solar energy more accessible.

Are free solar panels a scam?

Free solar panels are not necessarily a scam, but rather a marketing tactic. Although the solar panels are free, you may have to make monthly payments to the company for the energy the panels generate.

Should you sign up for free solar panels?

Unsolicited leads from door-to-door salespeople: If a salesperson knocks on your door offering free solar panels, don't sign up for anything until you carefully research the company and its products. High upfront costs and hidden fees: Avoid signing a contract for "free" solar panel systems if a high upfront cost is still involved.

Can I sell my home if it has free solar panels?

You can sell your home if it has free solar panels installed, but it isn't easy. Transferring solar leases and PPAs to a new homeowner is more complicated than it sounds.
