Established in 2010, GoodWe began its journey producing solar inverters, but has since expanded into a full-scale clean energy ecosystem. Today, its portfolio also includes building ...

GoodWe becomes the first photovoltaic inverter manufacturer and smart energy solutions provider to list on the Sci-Tech Innovation Board. GoodWe (stock code: 688390) issued 22 million ...

GoodWe is committed to driving the world's smart energy future and becoming a significant driving force in the global energy transition to contribute to a sustainable future. To learn more about GoodWe's ...

GoodWe drives forward its solar-storage synergy strategy at SNEC 2025 in Shanghai, advancing its commitment to shaping a future-proof energy ecosystem.

The Sunrise series photovoltaic building materials, ES Uniq series single-phase energy storage inverters, Lynx U series batteries, and the "HEMS" smart home energy management ...

GoodWe is a global manufacturer and innovator of solar inverters, energy storage solutions and PV building materials for residential and business markets.

GoodWe offers a diverse range of low- and high-voltage batteries designed for various energy storage needs. With top-notch performance, enhanced safety features, and a streamlined user experience, ...

We're expanding in the USA! ? We're proud to announce the opening of GoodWe's new U.S. office and solar showroom in Orlando, Florida. This new location brings us closer to our partners ...

GoodWe has announced the launch of its new three phase ESA All in One energy storage solution following strong market uptake of its single phase ESA Series. The latest system is designed ...

GoodWe Science and Technology Innovation Board Photovoltaic

Its main products include photovoltaic grid-connected inverters, photovoltaic energy storage inverters, intelligent data collectors and SEMS smart energy management systems.

GoodWe's PVBM products adapt to diverse structures, renowned for durability, rapid deployment, and high efficiency, driving progress in both construction and solar sectors.

From 2015 to 2018, after a short journey to the New Third Board, GoodWe successfully landed on the Science and Technology Innovation Board in September 2020. Huang Min is the ...

GoodWe offers a wide range of inverters, spanning from 0.7kW to 350kW, catering to various solar system sizes and applications. With a long-standing and strong presence in the solar market, ...

In 2020, the company entered a new phase to expand its portfolio to a full range of smart energy solutions, including inverter, batteries, All-in-One Energy Storage Systems (ESS),...

GoodWe announced the launch of its new three-phase ESA All-in-One energy storage solution. This is a major step forward in the company's strategy to deliver integrated, intelligent, and ...
