How will Huawei digital power support GPC's energy storage strategy in Europe?

"Huawei Digital Power will support GPC's energy storage strategy in Europe with All-Scenario Grid Forming capabilities and end-to-end high-quality standards covering R&D, production, and services, to jointly respond to the EU's carbon neutrality goals." This isn't just another summit - it's our biggest and most exhilarating Summit yet!

Why did Huawei participate in the electricity connect 2024?

The Electricity Connect 2024, held by Indonesian Electricity Society (MKI) and themed Go Beyond Power: Energizing the Future, took place in Jakarta from November 20 to 22. Huawei was invited to participate and received the prestigious Best Partner of Electric Power Digital Transformation and Energy Transition award from the MKI.

How does Huawei work with partners?

Huawei works with partners to use digital technologies to accurately sense production data, optimize production processes, and implement refined daily management, helping customers achieve safe, efficient, green, and low-carbon power generation.

What is Huawei's power broadband operations solution?

Huawei's Power Broadband Operations Solution empowers PLN to launch home broadband services, providing the ultimate network experience for millions of households in Indonesia.
