Data-center-tested network/server cabinet offers secure installation of 19" equipment, flexible use of accessories for power and data cabling, integrated cooling air routing, and high-quality protection ...

Self-contained micro data center for edge computing. Comes with a built-in bottom-mounted cooling unit (5kW) with an integrated condensate water processing device, remote monitoring and management, ...

Advantech Energy Storage Cabinet solutions, available with expert technical insight from APC Technology Group.

Find your ip66 electric cabinet easily amongst the 57 products from the leading brands (RITTAL, SIAP+MICROS, Safybox, ...) on DirectIndustry, the industry specialist for your professional purchases.

These ip66 cabinet are made from hard plastics that ensure better durability and are strong enough to protect items kept inside them. You can choose from a variety of distinct ip66 cabinet offered by ...

This powerful IP66 Edge AI GPU Computing platform is implemented in machine learning, industrial automation, autonomous vehicles, sustainable energy engineering and many other solutions that ...

This sturdy structured cabinet houses network servers, Edge computers, monitoring systems, and energy storage to provide uninterrupted power even in the most remote sites that are not reachable ...

Safety designs such as water and electricity separation, three-level fire protection + explosion venting + exhaust, liquid cooling + dehumidification design, all ensure the safety of the energy storage ...

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications. Explore reliable, and IEC ...

IP66 Smart Energy Storage Cabinet for Edge Computing

Constructed from heavy-gauge steel or aluminum alloy, it offers high resistance to impact and vibration. More importantly, it features a high IP rating (e.g., IP66), effectively preventing ingress of external ...
