---

Situated within the national PV product outdoor testing base in Qionghai City, Hainan Province, the year-long field test provided compelling evidence of JA Solar's innovative n-type bifacial...

Solar Stewardship Initiative: Public Summary Report Site name: Shanghai JA Solar Technology Co.,Ltd.  
Published: March 2025

JA Solar Technology Co Ltd (JA Solar) is a supplier of photovoltaic power generation solutions. The company's products include PV modules, PV paste, EVA Film, junction box, carbon composite materials, energy ...

It sells its products primarily through a team of sales and marketing personnel to solar module manufacturers, who assemble and integrate its solar cells into modules and systems that convert sunlight into electricity. It ...

By 2010, JA Solar had extended its industrial chain downstream to include modules, and in 2012, it further expanded to PV power generation, thereby having established a vertically integrated production chain.

Test results in the white paper highlight that at JA Solar's manufacturing base in the Fengxian district of Shanghai, the DesertBlue modules achieved a 7.09% power generation gain...

JA SOLAR stands for durable, high-performance PV modules that generate first-class energy yields. With our broad product portfolio, we offer sustainable and innovative solutions for residential, commercial and utility ...

This certificate is for Shanghai JA Solar Technology Co., Ltd. and certifies that their crystalline silicon photovoltaic modules comply with essential requirements and were tested voluntarily.

JA Solar Panel is a commonly used solar power generation equipment, which provides people with a clean and renewable energy solution by converting solar energy into electrical energy.

# JA Solar Technology s solar power generation

JA Solar Technology Co., Ltd. is a world-leading manufacturer specializing in high-performance photovoltaic products that convert sunlight into electricity for residential, commercial, industrial, and utility ...
