Are you looking for practical information about Luxembourg? And for a suitable place to stay? Would you like to find out how to get here and the best ways to get around?

Discover Solar GEM™, a prefabricated, mobile solar solution designed for off-grid energy needs. Scalable, robust, and ready-to-deploy worldwide.

Delivers a robust output of 25kW, perfect for homes, commercial spaces, and industrial facilities with high energy requirements. Features a hybrid inverter equipped with MPPT technology for efficient energy ...

Free, uncomplicated and sustainable travel on public transport: Luxembourg is the world's first country to offer free, nationwide public transport.

The off-grid version consists of a Solarfold container which, in conjunction with a suitable additional storage container, is not connected to the public power grid and functions completely autonomously.

Here, solar energy storage modules aren't just batteries; they're grid stabilizers dancing between 18th-century buildings and EU institutions. In 2022, this hillside neighborhood installed modular lithium-ion systems paired

...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail system and no shading ...

The containerized mobile foldable solar panel is an innovative solar power generation device that combines the portability of containers with the renewable energy characteristics of solar panels.
