Outdoor enclosures and multitenant cabinets for telecom & industry. IP65-rated, corrosion-resistant, and built for shared-site reliability.

This IP65-rated outdoor power supply cabinet is engineered to provide reliable power management and protection in harsh environments. Built with high-strength galvanized or stainless steel, the cabinet offers excellent ...

Constructed from galvanized or stainless steel and rated up to IP65, it ensures complete resistance to dust, rain, and corrosion while maintaining optimal operating conditions for all internal components.

This outdoor cabinet for energy storage system (ESS) applications is engineered to house batteries, inverters, and controllers with superior protection and durability.

Secure your off-grid power needs with our outdoor cabinet energy storage system. Designed for resilience, it offers high-capacity energy storage in a weather-resistant cabinet.

Built with corrosion-resistant materials, advanced thermal management, and customizable designs, these NEMA and IP-rated enclosures are ideal for energy storage, telecom, and industrial use.

An outdoor cabinet ESS is essentially a robust, weatherproof cabinet that houses the key components of an energy storage system, including batteries, inverters, and other essential electronics.

Discover rugged outdoor battery cabinets with IP65 protection, ideal for telecom and solar applications. CE certified, weatherproof steel enclosures ensure reliable performance in harsh environments.

Explore AZE's premium NEMA-rated and weatherproof enclosures designed for telecom, industrial electrical, and energy storage applications. Built to withstand harsh environments and extreme conditions, our ...
