-----  
What is an outdoor sprinkler controller cabinet with GFCI?

The outdoor sprinkler controller cabinet with GFCI converts an indoor sprinkler controller to outdoor use. The box is constructed with tough, weather- and UV-resistant ABS resin and features pre-drilled mounting holes for easy installation.

What types of irrigation systems does orbit offer?

Orbit's Indoor/Outdoor irrigation controllers offer versatile configurations, precise flow control, and easy installation. Orbit Sprinkler Systems offer precise, efficient, and customizable watering solutions for your yard and garden. Orbit's Nozzles and Wands offer versatile spraying options and exceptional durability for all watering needs.

What brands of sprinkler controllers are compatible with the outdoor timer cabinet?

Compatible with indoor controllers from Orbit, Hydro-Rain, and other major brands. The Outdoor Timer Cabinet houses an indoor timer to protect it from harsh weather conditions. It works with any major brand of sprinkler timers and is made of tough, weather and UV resistant ABS resin. The keyed lock prevents tampering and the GFI outlet.

What is a smart irrigation controller enclosure?

Manufactured from marine-grade stainless steel, anodized aluminum, or corrosion-resistant plastics, Smart irrigation controller enclosures are designed to withstand saltwater and chemical exposure. Optional internal coatings or sacrificial anodes provide additional protection, ensuring long-term durability in corrosive environments.
