Are solar panels a good investment in Malta?

We can't stress enough how good of an investment home and commercial solar systems are in Malta. The island has an extremely high sunshine yield, and the right solar system can drastically reduce your electricity bills.

Who is solar solutions?

At the forefront of the renewable energy sector in Malta, Solar Solutions was set up in 2005 by individuals with a passion for sustainability. Our unwavering commitment has enabled numerous households and businesses to adopt solar power, creating a positive environmental impact through harnessing the sun's energy.

Which solar panels do you use at Panta?

At Panta, we use top-of-the-market solar panels that are extremely efficient and require minimal roof space. We opt for Huasun solar panels and Sungrow inverters. Both companies are renowned worldwide as the leading manufacturers of products for electricity generation from solar energy.

Why should you choose Panta solar?

We have found that the combination of Huasun and Sungrow products provides one of the most power-efficient systems available. Our team of technicians are dedicated to their craft. From tailoring the design of your system to installation, maintenance and after-sales service, Panta will support you throughout the lifespan of your solar solution.
