What are Huijue group's energy storage solutions?

Huijue Group's energy storage solutions (30 kWh to 30 MWh) cover cost management, backup power, and microgrids. To cope with the problem of no or difficult grid access for base stations, and in line with the policy trend of energy saving and emission reduction, Huijue Group has launched an innovative base station energy solution.

Where are energy storage systems made?

It operates modern production bases totalling 350,000 square metres: one in Nantong, Jiangsu, specialising in customised design and manufacturing of energy storage systems; and another in Lianyungang, Jiangsu, focused on standardised production of energy storage systems.
