Global Power Supply provides secure, industry-compliant cabinet systems for data centers, hospitals, and other critical facilities that depend on uninterrupted power.

The Air-cooled C& I (Commercial and Industrial) Battery Energy Storage System (BESS) Cabinet is a versatile energy storage solution designed for a wide range of users across various industries.

The all-in-one air-cooled ESS cabinet integrates long-life battery, efficient bidirectional-balancing BMS, high-performance PCS, active safety system, smart distribution and HVAC in into one cabinet, ...

The Vertiv(TM) EnergyCore Li5 and Li7 battery systems deliver high-density, lithium-ion energy storage designed for modern data centers. Purpose-built for critical backup and AI compute loads, they ...

The 150 kWh battery consists of 30 modules of 5kWh lithium iron phosphate battery, or it can be designed to consist of 15 modules of 10kWh, depending on whether you have requirements for the ...

Modular battery cabinet for extended runtime for UPSs with internal batteries. The cabinet is supplied without batteries, so batteries must be purchased separately. Up to six battery strings can be ...

Ideal for high-demand environments, a single IBC-LW cabinet supports up to 150 kW of load. When configured as a high-rate cabinet (IBC-LHW), it can handle up to 200 kW, making it an excellent ...

The high-performance BMS effectively monitors the battery status to ensure safe and efficient operation of the battery, prevents the battery from overcharging, over-discharging, over-current, overheating, ...

Operates and maintains 24/7, capable of remote operation and unattended automatic control strategy adjustment based on load. Each cabinet occupies less than 3 square meters, with ...

# Southwest Data Center Battery Cabinet 150kW

Engineered for use with most type of battery terminal models, these cabinets can fit a wide variety of applications. This solution is completely customizable and flexible to support your application ...

The 150 kWh battery consists of 30 modules of 5kWh lithium iron ...
