Will the global solar PV market remain strong in 2026?

The fundamentals of the global solar PV market will remain strong in 2026 despite the challenges the sector faced in 2025, according to new analysis from Wood Mackenzie. Indian rooftop solar provider Fujiyama Power has announced plans to commission its 1GW solar cell manufacturing plant in Dadri, Uttar Pradesh.

Could solar power be a 'bedfellow' for Europe?

Independent power producer (IPP) Atlas Renewable Energy has signed a solar PV power purchase agreement for a 128MWp plant in Colombia. PV Talk: 'BESS and solar are the perfect bedfellows,' says Natasha Luther-Jones, about the potential for solar PV and BESS in Europe.

Which countries have reordered a 75 MW solar project?

Kingdom of Eswatini launches its first project in a 75-MW program. NESO's reform surfaces a reordered 283-GW pipeline of generation and storage. Equinor's Serra da Babilônia Solar is live, targeting 236 GWh a year. Germany's solar pivot: fewer single-family installs, more C&I and utility-scale, PPAs and storage surge.

Can a 5.2 GW solar-plus-storage project deliver 1 GW of continuous baseload power?

Wood Mackenzie highlights a groundbreaking 5.2GW solar-plus-storage project in the UAE capable of delivering 1GW of continuous baseload power, signaling a potential shift in renewable energy deployment despite high costs.

Get the latest updates on battery tech, grid-scale storage & green energy - with trusted news, trends & expert commentary

Energy-Storage.news Premium speaks to Daniel Dedrick, US-based BESS developer and operator, GridStor's CTO, about the company's strategies for navigating FEOC and Section 301 tariffs.

Real cases show iHEMS-equipped PV+storage cuts energy costs by 14-18% and shortens investment payback periods to 4-6 years. Supported by federal/state incentives and grants ...

Latest news on the solar energy and photovoltaics industry in the USA: installations, manufacturing, markets

The latest news on photovoltaic energy storage today

& policy, and technology.

The number one source for in-depth and up-to-the-minute news, technical articles, blogs and reviews on the international solar PV supply chain.

Latest news on energy storage projects, BESS, capacity expansion, and regulatory updates across Europe, US & Canada, Latin America, and Asia Pacific. Discover how energy storage ...

****Global News, Analysis, and Opinion on Energy Storage Innovations and Technologies** -- **500Ah+ Cells Becoming the New BESS Industry Standard as Chinese Firms ...**

Check out our selection of solar energy news from all over the globe. All the top recent events in solar thermal and photovoltaic market. The latest research, innovative technologies, ...

News from the photovoltaic and storage industry: market trends, technological advancements, expert commentary, and more.

We are here to bring you the latest solar news, progress and innovations, and everything else that you need to and want to know about the solar industry.
