Three months ago, a sales representative came to my door offering solar panels with zero money down. The company had good reviews and I was already thinking of installing solar, so I signed an ...

Generally, local governments require solar installers to obtain a permit for rooftop panels before they can be installed. Following the installation, a professional from the local government will inspect the new ...

Yes, you can. Assuming that the installation was completed in 2022, you can claim the credit on your 2022 taxes. According to Costs in the Instructions for Form 5695:

Brackets were drilled all over my roof in preparation for 35 solar panels. The contractor that was installing stole my panels and quit working for the company. I've been getting the run ...

If your solar panels aren't working but you're still getting billed for power every month, this may have happened to you. Every state has laws against fraud, and most states have consumer ...

As illustrated by Fannie Mae in their "Appraising properties with solar panels" letter dated August 5th, 2020, the ownership of a property's solar system, or its debt financing ...

Although it's rare, some solar installers don't fulfill their contractual obligations for customers. Should this happen to you, there are several things you can do. 1. Organize all your ...

Ending a long-term solar agreement requires a clear understanding of your options. This guide explains your rights and potential ways to resolve your contract.

One of the questions we frequently receive from clients is, "What happens if my solar panel installation was never completed, or if parts of the system I was promised were never ...

The photovoltaic panels were contracted but not installed

Learn how to resolve a solar panel dispute related to installation, contract, and performance issues to protect your investment and ensure quality service.
