---

Microgrids are regarded as vital components in contemporary realm of energy system improvement, resilience, and sustainability. In this paper a novel decentralized peer-to-peer energy trading...

Yonggang Peng College of Electrical Engineering, Zhejiang University Verified email at zju .cn robot optimization injection molding smart grid ... Articles 1-20

She is currently an Associate Professor with Zhejiang University. Her current research interests include the simulation, intelligent control, and scheduling of integrated energy systems.

When you're looking for the latest and most efficient Zhejiang University Power Engineering Microgrid Direction for your PV project, our website offers a comprehensive selection of cutting-edge products ...

Phone 86-571-87952653 E-mail pengyg@zju .cn Address Room 323,Second teaching building,Yuquan Campus,Zhejiang University Research intelligent control and intelligent ...

This study proposes a unified voltage regulation and maximum power point tracking (MPPT) method for photovoltaic (PV) sources in islanded direct current (DC) microgrids based on modified model ...

He joined College of Electrical and Engineering, Zhejiang University in 2008 as a postdoctor. From 2010 he is a faculty member of College of Electrical and Engineering, Zhejiang...

Zhejiang University | ZJU & #183; Department of Electrical Engineering. ... consisting of multiple geographically adjacent and interconnected multi-energy microgrids (MEMGs), is considered a ...

Zhuzheng Shen received the B.S. degree in electrical engineering and automation from Zhejiang Ocean University, Zhejiang, China, in 2019, and the M.S. degree in control science and engineering from the ...
